1. The following is an examiner's statement of reasons for allowance.
2. As set forth in the previous Office action, the art does not teach or suggest the use of a microtiter plate to hold the sample for photoacoustic measurement. The art suggests the use of photacoustic spectroscopy with multiple cells, but does not teach or suggest using a microtiter plate as claimed herein.

The previous office action included a provisional double patenting rejection over copending application 10/002,602. That action noted that claim 62 of the copending application included measuring a at least one sample in a microtiter plate. Claim 62 has been cancelled in the copending application; none of the claims in that application now claim the microtiter plate arrangement, or methods using a microtiter plate. Thus there is no double patenting rejection for the remaining claims 15-17, which do claims the microtiter plate.

3. Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

4. Any inquiry concerning this communication or earlier communications from the examiner should be directed to Richard A Rosenberger whose telephone number is (571) 272-2428. The examiner can normally be reached on Monday through Friday during the hours of 8:00-4:30.

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Gregory J. Toatley, Jr. can be reached on (571) 272-2800 ext. 77. The fax phone number for the organization where this application or proceeding is assigned is 703-872-9306.
